Education and qualifications

B.Sc.(Hons)	University of Melbourne	1988
Ph.D.	University of Melbourne	1992
A.Stat.	Statistical Society of Australia	2000

Fellowships

- Fellow of the Academy of the Social Sciences in Australia (elected 2020).

Employment history

2016	KNAW Visiting Professor , TU/Eindhoven, Netherlands
2003–	Professor , Department of Econometrics & Business Statistics, Monash University
2002	Visiting Senior Research Fellow , Mathematical Sciences Institute, Australian National University
2001–2003	Associate Professor , Department of Econometrics & Business Statistics, Monash University
1998	Visiting Professor , Department of Statistics, Colorado State University
1998–2000	Senior Lecturer , Department of Econometrics & Business Statistics, Monash University
1997–1998	Senior Lecturer , Department of Mathematics and Statistics, Monash University
1995–1996	Lecturer , Department of Mathematics and Statistics, Monash University
1993–1994	Lecturer , Department of Statistics, University of Melbourne
1985–1992	Statistical consultant , Department of Statistics, University of Melbourne

Academic and research leadership

- **Head**, Department of Econometrics & Business Statistics, Monash University. 2019–
- **Director**, Business & Economic Forecasting Unit, Department of Econometrics & Business Statistics, Monash University. 2001–2017.
- **Director of Consulting**, Econometrics and Business Statistics, Monash University. 2000–2014.
- **Director**, Monash University Statistical Consulting Service, 1997–1998.
- **Director**, Key Centre for Statistical Science (joint venture between Monash, Melbourne, La Trobe and RMIT universities), 1996–1998.

Awards and honours

2020	MSA Teaching Excellence Award for Business and Economics, Monash Student Association
2020	Dean's Award for Innovation in Learning and Teaching, Monash Business School
2018	Commendation for the Dean's Award for Research Impact, Monash Business School
2014	Nominee for MPA Supervisor of the Year, Monash Postgraduate Association
2010	Dean's Award for Excellence in Innovation and External Collaboration, Monash Business School
2008	Dean's award for Excellence in Research, Monash Business School
2008	Vice-Chancellor's Award for Postgraduate Supervisor of the Year, Monash University
2007	Moran Medal for Statistical Science, Australian Academy of Science
1998	Award for excellence in teaching, Monash Science Society
1990	Finalist, Channel Ten Young Achiever Awards
1988	Dwights Prize in Statistics, University of Melbourne
1987	Norma McArthur Prize in Statistics, University of Melbourne
1986	Second Maurice H. Belz Prize in Statistics, University of Melbourne

Editorial boards

2011–	Editor , <i>Journal of Statistical Software</i>
2019–	Associate Editor , <i>International Journal of Forecasting</i>
2005–2018	Editor-in-Chief , <i>International Journal of Forecasting</i>
2001–2004	Associate Editor , <i>International Journal of Forecasting</i>
2001–2004	Theory and Methods Editor , <i>Australian & New Zealand Journal of Statistics</i>

Society memberships

- Elected Member, International Statistical Institute
- Member, International Institute of Forecasters
- Member, International Association for Statistical Computing
- Member, Statistical Society of Australia
- Member, International Society for Business and Industrial Statistics

Society leadership

- Member, Pearson Prize Committee, International Statistical Institute, 2017.
- Director, International Institute of Forecasters, 2005–2018.
- Member, Scientific Program Advisory Group, Statistical Society of Australia, 2001–2004
- Secretary, Victorian branch, Statistical Society of Australia, 1993–1995.
- Central Council member, Statistical Society of Australia, 1993–1996.

Research

- Since 1991 I have authored 213 papers, chapters or books on statistical topics (listed on pages 5–14).
- My current research involves the analysis of large collections of time series, and includes visualization, forecasting, reconciliation, modelling and anomaly detection..
- I currently supervise five PhD students and two post-doctoral research fellow. I have previously supervised another 27 PhD students and 3 Masters students.
- I publish the *Hyndsight* blog on research issues which receives an average of about 2000 pageviews per day.
- I have coauthored 51 R packages as a result of my research (listed on pages 23–25). There have been over 45 million downloads of my packages since 2015 (to 27 January 2021).

Public lectures

- Monash master class, *Forecasting the future of the power industry: What can you learn from smart meter data?*, Melbourne, September 2018.
- Yahoo Big Thinkers lecture, *Exploring the boundaries of predictability: what can we forecast, and when should we give up?*, California, June 2015.
- Invited speaker, *Forecasting functional time series*, Australian Frontiers of Science, Canberra, February 2008.
- Knibbs lecture, *Population forecasting and the importance of being uncertain*, Statistical Society of Australia, Canberra, November 2007.
- Belz lecture, *Forecasting and the importance of being uncertain*, Statistical Society of Australia, Melbourne, October 2006.

Major conference presentations

- Keynote speaker, International Symposium on Forecasting, online, October 2020.
- Workshop leader, *Tidy time series and forecasting in R*, rstudio::conf, San Francisco, January 2020.
- ISI short course, *High-dimensional time series analysis*, Kuala Lumpur, August 2019.
- Workshop leader, *Forecasting: principles and practice*, New York City, June 2018.
- Keynote speaker, Beijing Workshop on Forecasting, November 2017.
- Keynote speaker, ICML Time Series Workshop, Sydney, August 2017.
- Invited speaker, International Symposium on Energy Analytics, Cairns, June 2017.
- Keynote speaker, *Forecasting large collections of related time series*, German Statistical Week, Augsburg, September 2016.
- Keynote speaker, *Forecasting big time series data using R*, Chinese R conference, Nanchang, October 2015.
- Invited speaker, *Visualization and forecasting of big time series data*, ACEMS Big data workshop, QUT, February 2015.
- Workshop leader, *Forecasting: principles and practice*, University of Western Australia, September 2014.
- Workshop leader, *Functional time series in demography*, Humboldt University, Berlin, June 2014.
- Keynote speaker, *Challenges in forecasting peak electricity demand*, Energy Forum, Valais, Switzerland, June 2014.
- Workshop leader, *State space models for time series*, Australian Bureau of Statistics, May 2014.
- Keynote speaker, *Automatic time series forecasting*, “New Trends on Intelligent Systems and Soft Computing 2014,” University of Granada, Spain, February 2014.
- Keynote speaker, *Forecasting without forecasters*, International Symposium on Forecasting, Seoul, June 2013.
- Keynote speaker, *Man vs Wild Data*, Young Statisticians Conference, Melbourne, February 2013.
- Invited speaker, *Advances in automatic time series forecasting*, Australian Statistics Conference, Adelaide, July 2012.
- Workshop leader, *Statistical Forecasting: Principles and Practice*, Swiss Statistical Society, Kandersteg, June 2011.
- Keynote speaker, *Extreme Forecasting*, International Symposium on Forecasting, Hong Kong, June 2009.

Grants

I have acquired (in most cases jointly) about \$31.1 million in external research grants since 2000. External research grants over \$50,000 are listed below.

2002	Hyndman. "Evaluation of PBS forward estimates methodology". <i>Funding from Commonwealth Department of Health and Ageing</i>	\$55,341
2004–2006	Martin, Snyder, Hyndman. "New approaches to the analysis of count time series". <i>Funding from ARC Discovery Grant</i>	\$172,317
2004–2008	Hyndman. "Analysis of NPS interventions". <i>Funding from National Prescribing Service</i>	\$120,000
2006–2010	Hyndman, Athanasopoulos. "Tourism forecasting". <i>Funding from Tourism Australia</i>	\$312,017
2007	Hyndman. "Peak energy demand forecasting for South Australia". <i>Funding from Electricity Supply Industry Planning Council</i>	\$78,045
2008–2010	Hyndman. "The price elasticity of electricity demand in South Australia and Victoria". <i>Funding from Victorian Energy Corporation</i>	\$450,000
2009–2011	Erbas, Abramson, Tang, Allen, Newbiggin, Dharmage, Hyndman. "The impact of outdoor aeroallergen exposure on asthma exacerbations in children and adolescents". <i>Funding from National Health and Medical Research Council</i>	\$454,550
2011–2013	Hyndman, Fan. "Development of electricity peak demand and energy forecasts for the SWIS". <i>Funding from Independent Market Operator (Western Australia)</i>	\$93,450
2011–2015	Hyndman. "Energy demand forecasting". <i>Funding from Australian Energy Market Operator</i>	\$864,200
2013–2016	Smith-Miles, Hyndman, Villanova, Kah. "Optimising experimental design for robust product development: a cast study for high-efficiency energy generation". <i>Funding from ARC Linkage Grant</i>	\$362,389
2014–2017	Panagiotelis, Athanasopoulos, Hyndman, Vahid. "Macroeconomic forecasting in a "Big Data" world". <i>Funding from ARC Discovery Grant</i>	\$451,034
2017–2018	Hyndman, Ben Taieb, Bergmeir. "Demand forecasting for large-scale dynamic hierarchies in a big data environment". <i>Funding from Huawei Innovation Research Program</i>	\$86,586
2017–2019	Smith-Miles, Hyndman, Munoz Acosta, Katsifolis. "Intruder Alert! Detecting and classifying events in noisy time series". <i>Funding from ARC Linkage Grant</i>	\$204,000
2017–2019	Hyndman, Cook. "RiskLab Projects: Econometrics". <i>Funding from RiskLab at Data61</i>	\$151,200
2017–2021	Bean, Burrage, de Gier, Delaigle, Forrester, Garoni, Hyndman, Kohn, Kroese, Mengersen, Pettit, Pollet, Roughan, Ryan, Sisson, Smith-Miles, Taylor, Turner, Wand, Wang. "ARC Centre of Excellence for Mathematical and Statistical Frontiers". <i>Funding from Australian Research Council</i>	\$20,000,000
2019	Hyndman, Bergmeir. "DeepForecast: Leveraging forecasts on large scales of related time series". <i>Funding from Facebook</i>	\$70,000
2019–2020	Bergmeir, Vahid, Hyndman. "Application of advanced short term power generation forecasting technology for wind and solar farms". <i>Funding from Advisian</i>	\$499,753
2019–2022	Mengersen, Hyndman, Petersen, McGree, Turner, Maxwell, Lique, Jones. "Revolutionising water-quality monitoring in the information age". <i>Funding from ARC Linkage Grant</i>	\$729,855
2020–2022	Martin, Frazier, Hyndman, Maneesoonthorn. "Loss-based Bayesian prediction". <i>Funding from ARC Discovery Grant</i>	\$393,000
2020–2024	Smith-Miles, Stuckey, Taylor, Ernst, Aickelin, Garcia de la Banda, Pearce, Wallace, Bondell, Hyndman, Alpcan, Thomas, Anjomshoa, Kirley, Tack, Costa, Fackrell, Zhang, Glazebrook, Branke, O'Sullivan, O'Shea, Cheah, Meehan, Wetenhall, Bowly, Bridge, Faka, Mareels, Coleman, Crook. "Optimisation Technologies, Integrated Methodologies, and Applications (OPTIMA)". <i>Funding from ARC Industrial Transformation Training Centre</i>	\$4,861,236

Teaching

- In each of 2018, 2019 and 2020, student evaluations for “Applied forecasting for business and economics” gave an average rating for my teaching above 4.8 out of 5, while all students in 2018 rated “Advanced statistical modelling” at 5 out of 5. (I did not teach the latter subject in 2019 and 2020.)
- In 1998 and 2020, I received the “Excellence in teaching” award from the Monash Student Association.
- I am author of an innovative textbook with George Athanasopoulos entitled *Forecasting: principles and practice* (OTexts.org/fpp2/) which is available online and free of charge. The website has an average of over 20000 pageviews per day.

Consulting

- Since 1986, I have worked with several hundred different clients in Australia, the United States, Saudi Arabia, Israel, India, Russia, Switzerland, and the Netherlands. I have produced 253 written consulting reports (listed on pages 14–23).
- Six times I have provided expert witness in litigation cases.

Advisory boards

- Member of the Scaling committee, Victorian Tertiary Admissions Centre (1994–). This committee is responsible for producing the ATAR for VCE students.
- Member of the ATAR Technical Group for the Australasian Conference of Tertiary Admissions Centres (2003–).
- Member of the Indigenous Statistical and Information Advisory Group for the Australian Institute of Health and Welfare (2017–).
- Member of the Methodology Advisory Committee for the Australian Bureau of Statistics (2010–2018).

Conference organization

- General Chair, International Symposium on Forecasting, 2017
- Program Chair, International Symposium on Forecasting, 2012.
- Program Co-Chair, International Symposium on Forecasting, 2004.
